

## FAMILY CHICKEN “KOKO”

Vitamin–Mineral Complex for Backyard Chickens

Manufacturer: LLC “Biotecsi”, Georgia

### General Information

Feed additive – a daily vitamin–mineral complex designed to enrich and balance the diet of backyard chickens.

### Composition (per one package)

- Vitamin A
- Vitamin D3
- Minerals (Ca, P, NaCl, Na<sub>2</sub>SO<sub>4</sub>, MgSO<sub>4</sub>, monopotassium phosphate)
- Trace elements (Fe, Cu, Mn, Zn)

### Presentation

Packed in 250 g sachets.

### Storage Conditions

Store in the original packaging in a dry, cool place protected from light at 15–25°C.

Keep out of reach of children.

Shelf life: 18 months

---

### Properties

The mineral complex, trace elements and fat-soluble vitamins included in “KOKO” ensure the daily nutritional requirements of chickens for essential nutrients.

The additive helps normalize metabolism in cases of unbalanced feeding, positively influences growth and development, improves productivity, and increases resistance to stress.

---

### Dosage and Administration

Used to enrich and balance chicken feed.

- One 250 g package is mixed with 30 kg of main feed.
- 

### Special Instructions

**This product is not a complete feed. It is a supplement to the basic feed ration.**

---

### **Personal Safety Precautions**

**When handling the product, follow general hygiene and safety rules.**

**Use personal protective equipment (protective clothing, safety goggles, respirator).**

**After handling, wash hands and face with warm water and soap.**
